Erasmus University Rotterdam, Burgemeester Oudlaan 50, 3062PA, Rotterdam, Netherlands

About me: Highly motivated and ambitious econometrics student, looking to begin his career path via a job or an internship. Being a competitor in mathematics for over 8 years made me very able and flexible with my tasks and time management. I want to mix my theoretical studies at university with something practical.

## ● EDUCATION AND TRAINING

1 SEP 2020 – CURRENT

**INTERNATIONAL BACHELOR ECONOMETRICS AND OPERATIONS RESEARCH** – Erasmus University Rotterdam

Current GPA: **8.8/10** (block 1, 2, 3)

Apart from studying on my degree, in the past 6 months I also:

- Became part of a student investment group in B&R Beurs. We are currently competing in the Flow Traders Investment Competition, managing a portfolio of 6500 euros
- Began doing the CFA Investment Foundations certificate (expected finish date: 2<sup>nd</sup> May 2021)
- Took part in many practical workshops and company meetings, organized by B&R Beurs and Faector
- Together with a team of 2 other people, we did an extensive financial analysis and valuation of the LBO of Hilton Hotels (year 2007) as part of the Harvard Case Competition (B&R Beurs variant)

### Field(s) of study

- Social sciences, journalism and information : *Economics*
- Natural sciences, mathematics and statistics : *Statistics* | *Mathematics*

<https://www.eur.nl/>

15 SEP 2016 – 16 JUN 2020

**SECONDARY EDUCATION** – First Private Mathematical Gymnasium (mathematics and computer science)

National rating: **Rank 9** in my age group in mathematics (in the country)

Participated in many mathematical competitions all around the world - Hong Kong, Princeton USA, Changchun China, Almaty Kazakhstan, Bulgaria.

I had the honor of being part of unique, specialized trainings, during which I learnt how to be hardworking and as concentrated as possible even during stressful moments. They provided me with a lot of intercultural experiences and friends all over the world:

- Selected to attend the week of Olympic mathematics (top 10 in Bulgaria in my age group) - one week training 2017, 2018, 2019
- Invited to train as part of the extended national team for the International Mathematics Olympiad, 20 days training 2017, 2018
- Selected for the extended national team for the International Astronomy Olympiad, two weeks training 2017
- Threefold winner of the American Foundation for Bulgaria scholarship 2017, 2018, 2019
